

Fish and Shellfish Posters

Fish and shellfish posters are available as A2 laminated (on plain) colour prints for training providers, centres and apprenticeship providers to use in their training rooms and offices.

One set of prints will be provided free of charge upon request.

Other images are available in the Seafish asset bank and you are welcome to suggest an addition to the range of posters available.

All posters will carry the phrase provided by Seafish and the Seafood Training Academy along with the logos of these two organisations.

Larger prints may be ordered via Seafish and will be supplied at cost. Alternatively we can supply artwork to use with your own designers and printers.

Please contact academy@seafish.co.uk for more information.

Regards

Lee Cooper
