

A one day training course hosted by

Seafish and the Scottish Seafood Training Network.

Version 8 of the BRC Global Standard for Food Safety comes into force in February 2019. Are you ready for this?

To ease the transition from version 7 to 8, it is critical that you prepare in good time.

Subject to demand, a training course will be delivered by Acoura, part of the Lloyds Register Group, to fish and shellfish businesses in Scotland.

The course will provide an update to version 8 of the BRC Standard for those businesses that already have BRC Certification or individuals with knowledge of BRC version 7.

The training course will provide a valuable, cost effective route to maintaining their understanding of the new version 8 of the standard.

Course Location

The initial course will be delivered at the new Peterhead Fish Market. Other courses can be delivered elsewhere such as SW Scotland.

Course Dates

The course will be delivered on the 8th January 2019 (TBC).

Course costs

£200+VAT per person

To express an interest or to register for either of the course dates please email your full details to onshore@seafish.co.uk. Or telephone 01472 252300.

To secure a place on a course please contact Seafish by

Mid December at the latest.
