

## HYGIENE eLEARNING PROGRAMME

### Trainee Log Sheet

The Seafish HeLP system has been deliberately simplified and does not permanently store any data about you. During your online session it will track which parts of the training materials you have viewed, but when you log off that information is lost. It is very useful though if you keep track of your own performance while studying and that's why we have produced this simple Log Sheet that you can print off, fill in and keep as a training record.

Your Name:

Your Company:

HeLP started on    /    /

Tick or date which sections completed

1. Hygiene vs Bacteria    /    /
2. A more detailed look at bacteria    /    /
3. People Cause Problems    /    /
4. Avoiding Contamination    /    /
5. Keep it clean    /    /
6. Contamination    /    /
7. You and the Law    /    /

Online Hygiene Test – date taken    /    /
