

Seafish Onshore Training

Trainer Registration Approval Form (CONFIDENTIAL WHEN COMPLETED)

This generic application form is to be used when applying to become a Seafish approved trainer for any of the onshore training programmes and courses. In addition to this application, applicants must send copies of all certificates and other documentation referred to on this form.

Please refer to the document *onshore training – criteria for instructor approval* to establish the nature of the experience and qualifications required for any course(s) you wish to be considered for.

Copies of qualifications attached? Yes / No

Copy of passport and two passport sized photos attached Yes / No / Digital file

Which course(s) would you wish to be considered for?

Code of practice signed and attached? Yes / No

Other Evidence or Narrative:

Special Considerations:

Food Safety, HACCP and H&S Programmes: As Seafish does not approve the trainers for these programmes, we restrict ourselves to approving the training materials used by the trainers and upon completion of a code of practice we will *Recognise* the trainer.

For example a trainer may be *CIEH approved trainer for level 2 food safety, recognised by the Sea Fish Industry Authority*. For the sake of brevity though we generally refer to all trainers in our network as approved.

If you are not yet approved by CIEH or REHIS for the appropriate programme then we will work with you to achieve this.
