More is available on <http://www.commercialtraining.co.uk/seafood/>

In addition to the professional and commercial programmes, Grimsby Institute also access to funding to deliver food related training both regulated and non-regulated as per the contract so that may be worth a mention as employers may like a short course tailored to meet their needs. Presently, this includes Skills Support for the Workforce in the Humber region, but other streams may be accessible. Please contact Grimsby Institute Group for more information.
